

## **EZ-900-78EIA-RA** **No Solder 'EZ' 7/8 EIA Right Angle Flange** **Connector for LMR-900**

The [\*\*EZ-900-78EIA-RA\*\*](#) connector is a no-solder, right angle 7/8 EIA flange connector for LMR-900-DB low loss coaxial cable. The high quality [\*\*EZ-900-78EIA-RA\*\*](#) connector utilizes a non-solder spring finger center conductor contact and clamp-style outer contact attachments. The simple 2-piece design makes this an ideal connector for field installations. Non-solder 'EZ' style connectors are also available for many LMR<sup>®</sup> cables and include type TNC, N, 7-16DIN and reverse polarity TNC interfaces.
